🧠 SKILLS

Computer Skills

I have experience working in excel, Ms. word, power point and email.

Web Development

HTML, CSS and basic knowledge of JavaScript & php

Programming language

As a machine learning enthusiast, I have consistently utilized C and Python in both personal and academic projects.

Interpersonal Skills

Leadership, Teamwork and Understanding

📄 CERTIFICATES

Data Science Virtual Internship ✓

During my internship at Codesoft (April-March 2024), I enhanced my skills in data preprocessing, modeling, and interpretation through hands-on projects and mentorship. This experience provided valuable insights into real-world data challenges and the diverse applications of data science.

Integrating Geospatial Technologies in Climate-Smart Agriculture Planning and management in south Asia ✓

This experience enabled me to apply geospatial technologies for monitoring crop health, optimizing resource allocation, and enhancing decision-making in agriculture. I was able to master integrating diverse data and GPS files, crafted intricate maps, and utilized advanced spatial analysis techniques.

🧩 EXPERIENCE

Website Blogging ✓

I have gained valuable insights into the challenges of maintaining a personal blog on my website. Although website management has its own complexities, the sense of fulfillment from a job well done remains a source of pride for me.

Yantra Buisness Cup Expo Volunteer ✓

I was a part of Yantra Business cup Expo an event of Yantra 9.0. This event has become vital to my approach in tackling tedious challenges both in my personal and professional life. The insights gained from this experience continues to guide my mindset, helping me navigate tasks with efficiency and effectiveness.
